PROFESSIONAL EXPERIENCE

AI-Priori (Industrial AI & Manufacturing Intelligence)

Marketing Manager

Remote, India

May 2026 – Present

- Own demand generation and go-to-market execution for an industrial AI platform, spanning comprehensive content strategy, sales enablement, and marketing collateral production across the entire funnel.
- Produce executive-ready strategic and positioning documents that successfully translate complex industrial AI use cases.
- Produce brand-consistent, high-quality sales and marketing collateral, including one-pagers, whitepapers, and executive decks.
- Partner closely with leadership teams to maintain narrative and brand consistency at scale and speed.
- Rebuilt the outbound GTM playbook into an execution-ready program, developing highly targeted content and messaging for 5 cold email sequences across 3 targeted campaigns for the flagship product line.

ClayHR (HR Tech SaaS Platform)

Marketing Manager

Ludhiana, Punjab, India

Jan 2025 – Dec 2025

- Owned and scaled a product-led content engine across blogs, newsletters, and long-form assets, directly aligned with SEO, demand generation, and product discovery goals.
- Produced over 50 product-led content assets, including blogs, newsletters, eBooks, whitepapers, brochures, and website content, robustly supporting demand generation and thought leadership initiatives.
- Created more than 40 sales enablement resources, such as battle cards, product decks, one-pagers, brochures, explainer videos, and testimonial videos utilized by global sales and partnership teams.
- Built and integrated AI-assisted content workflows utilizing ChatGPT, Claude, and Perplexity for deep research, content outlining, and production.
- Leveraged AI tools to scale research and campaign execution, effectively reducing content turnaround time by 40% and drastically improving content scalability.
- Led and mentored a cross-functional working team consisting of in-house designers, writers, and external freelancers/agencies.
- Set editorial priorities, managed content project deadlines, and reviewed output to ensure consistent quality and on-time delivery across multiple concurrent campaigns.
- Featured three times in global HR industry magazines, contributing long-form articles that elevated ClayHR's thought leadership and brand credibility.
- Organized, promoted, and executed 15+ educational webinars and expert sessions generating 80-150 registrants per session to drive product awareness and mid-funnel pipeline growth.
- Ran structured A/B testing and iterative experiments across landing pages, content formats, and email campaigns to optimize CTR and strengthen MQL-to-SQL progression.
- **Key Initiative (Loop Athlete):** Independently developed and executed the go-to-market strategy, product narrative, and educational content for an internal feedback-driven platform targeting athletes and coaches.

ClayHR

Senior Marketing Analyst

Ludhiana, Punjab, India

Jun 2022 – Dec 2024

- Collaborated tightly with design teams to develop interactive eBooks, comprehensive guides, and gated assets used as lead magnets during the product discovery and evaluation stages.
- Executed content-led and performance-driven campaigns that successfully scaled LinkedIn audience growth by 300% month-over-month.
- Boosted webinar registrations by 37% through the optimized distribution of content across LinkedIn and Google Ads campaigns.
- Supported ongoing SEO initiatives by continually optimizing existing blog content, landing pages, and website copy to improve search visibility, keyword rankings, and user engagement metrics.
- Tracked and reported comprehensive campaign performance using Google Analytics, Power BI, Excel, and Google Sheets, translating complex data into clear, actionable insights for leadership.
- Built and deployed multi-step outbound email sequences in HubSpot, Saleshandy, and Mailchimp, delivering personalized, intent-based messaging targeting B2B buyers at various funnel stages.

ClayHR

Business Analyst

Ludhiana, Punjab, India

Jun 2021 – Jul 2022

- Gathered customer feedback and deep market insights to bridge the gap between user needs and product marketing.
